Transportation Cabinet sets second public meeting on KY 207 redesign

Meeting set for Nov. 15 in Flatwoods

FLEMINGSBURG, Ky. – The Kentucky Transportation Cabinet has scheduled the second public meeting on a project to redesign six miles of KY 207 in Greenup County.

The meeting, set for Tuesday, Nov. 15, 5-7 p.m. at Advance Memorial United Methodist Church's Family Life Center at 1007 Bellefonte Road in Flatwoods, will feature maps of improvement alternatives along KY 207 between Flatwoods and the Industrial Parkway.

The meeting will be informal and interactive with Transportation Cabinet officials and project consultants – HMB Professional Engineers – available to provide information, answer questions and receive comments about each alternative.

Area residents, commuters, business-owners and other highway users are urged to attend and offer input on proposed improvements and identify any potential concerns.

Since this spring, engineers have been gathering information regarding the challenges and issues facing users of existing KY 207 and using that information to develop the alternatives for improving the roadway.

At the Nov. 15 meeting, questionnaires will be distributed. The public may provide both verbal and written comments. For more information, or to send in comments, write to Department of Highways District 9, P.O. Box 347, Flemingsburg, Ky. 41041, or call toll-free (800) 817-2551. Information is available online at <http://transportation.ky.gov/district-9>.
